Al-Amin Mahfuzur Rahman

Senior Software Engineer — Enterprise Software & Mobile Apps (Android & iOS)

House 19, Road 1, Sector 13, Uttara, Dhaka | +88 01625-632942 | 7mahfuzur.rahman@gmail.com

EXECUTIVE SUMMARY

Senior Software Engineer with **6+ years of professional experience** architecting mission-critical enterprise platforms, cross-platform mobile applications for Android & iOS using Flutter, and Microsoft Dynamics 365 Business Central ERP extensions. Proven delivery track record with multinational enterprise clients including **Western Digital** (Fortune 500) and **Altios (GoGlobal)**, and government fiscal tax compliance localization for **Microsoft**. Experienced across cloud infrastructure on **AWS** and **Google Cloud VMs**, real-time **Firebase** integration, and publishing production apps to **Google Play Store** and **Apple App Store**.

CORE TECHNICAL COMPETENCIES

Enterprise ERP & Microsoft	Dynamics 365 Business Central, AL Programming, RDLC Reports, Crystal Reports, National Fiscal Localization (NBR / VAT / Tax)
Mobile App Development	Flutter, Dart, Android (SDK), iOS, Cross-Platform Architecture, State Management (Bloc / Provider), Google Play Console, Apple App Store Connect & TestFlight
Cloud, DevOps & Mobile Backend	AWS (EC2, S3, RDS), Google Cloud VMs (GCP Compute Engine), Firebase (Auth, Firestore, FCM), Linux / Ubuntu Server, Nginx Reverse Proxy, CI/CD Pipelines, SSL/TLS Security
Languages & Databases	C# (.NET Core), MS SQL Server, T-SQL Stored Procedures, Dart, JavaScript (ES6+), HTML5 & CSS3, C / C++
Frameworks & Web	ASP.NET Core, ASP.NET MVC 5, Entity Framework (EF Core), RESTful Web APIs, .NET Web Forms, jQuery & Bootstrap
Architecture & Practices	Clean Architecture, N-Tier Architecture, Repository Pattern, Unit of Work, SOLID Principles, Facade Pattern, Unit Testing

PROFESSIONAL EXPERIENCE

Senior Software Engineer — Bizzntek Ltd. (bizzntek.com)

Oct 2020 – Present | Uttara, Dhaka, Bangladesh

Enterprise Software, D365 Business Central Extensions, Cloud & High-Throughput API Backends

- **Altios (GoGlobal) Enterprise Platform** (altios.com): Designed enterprise platform engineering facilitating global market expansion and multinational corporate entity management; implemented cross-border regulatory compliance tracking and ERP harmonization workflows.
- **Western Digital Enterprise Integration** (Fortune 500): Engineered high-throughput backend modules and data integration pipelines connecting internal enterprise systems; refactored critical services for transaction consistency and database query optimization.
- **Microsoft Dynamics 365 Business Central Bangladesh Localization** (Client: Microsoft): Key developer building AL extension modules compliant with Bangladesh National Board of Revenue (NBR) regulatory protocols, automated VAT withholding tax computations, and fiscal audit compliance.
- **Rent Grid & Hotel Grid (USA)**: Architected multi-tenant property and hospitality management systems featuring real-time booking engines, automated tenant invoicing, payment gateway integrations, and financial balance ledgers.

Software Engineer — SmartSoft Technology (smartsofttechnology.com)

Mar 2019 – Sep 2020 | Mirpur, Dhaka, Bangladesh

Industrial Manufacturing ERP Systems, POS Platforms & Distributed Database Solutions

- **Factory Management System** (MH Golden Jute Ltd.): Delivered comprehensive industrial manufacturing ERP tracking raw jute intake, processing batch workflows, inventory warehouse allocation, and automated double-entry financial accounting.
- **Smart Sell POS & Inventory Engine** (Kushtia Tech): Engineered complete Point-of-Sale platform featuring role-based field representative order booking, distributed warehouse stock synchronization, and administrative ledger reporting.
- **Task Management & Workflow Tracking** (MH Golden Jute Ltd.): Developed cross-department task assignment system with audit trails, milestone status updates, and automated productivity reporting.

Software Engineer — Genuine Technology & Research Ltd. (GTRBD) (gtrbd.com)

Oct 2018 – Feb 2019 | Uttara, Dhaka, Bangladesh

Biometric Hardware Integration, Industrial Attendance & Automated Payroll Systems

- **Garment's HR & Biometric Payroll System** (FnF Fashion BD): Interfaced physical ZKT biometric fingerprint punch hardware with backend MS SQL Server; engineered algorithms calculating complex overtime, shift rotations, and automated monthly salary generation for hundreds of factory workers.

PERSONAL & INDEPENDENT LIVE PROJECTS

MapCars UK mapcars.uk ↗

Modern ride-sharing & passenger mobility ecosystem operating across the South Coast of England (Southampton, Portsmouth, Chichester, Brighton). Engineered cross-platform Flutter apps deployed to Google Play Store & Apple App Store; real-time driver dispatch via Firebase and Google Cloud VMs.

Flutter · Android · iOS · Firebase · Google VMs · Play Store · App Store

Motorshut motorshut.com ↗

Comprehensive online automotive dealership and verified vehicle marketplace based in Rainham, Essex, UK. Architected full-stack web portal with dynamic vehicle inventory filtering, MOT verification badges, client lead engines, and Schema.org JSON-LD microdata on scalable AWS cloud infrastructure.

Web Architecture · AWS Cloud · SEO Schema · Automotive ERP · Lead Pipeline

VetMart BD vetmartbd.vercel.app ↗

Dedicated agro-veterinary and pharmaceutical e-commerce marketplace in Bangladesh. Features dual-language Bengali localization, multi-species product filtering (Cattle, Poultry, Dairy, Fish), batch tracking, and serverless edge deployment on Vercel Cloud.

Next.js · React · Bengali Localization · Vercel Serverless · E-Commerce Engine

PROBLEM SOLVING & COMPETITIVE PROGRAMMING

- **ICPC Dhaka Regional 2016** — Onsite Contestant.
- **National Computer Programming Contest (NCPC) 2016** — Onsite Contestant.
- **Online Judges:** Codeforces: **7Mahfuz** · UVA: **7mahfuz** · HackerRank: **7Mahfuz**. Actively solved algorithmic problems focusing on data structures, dynamic programming, and graph algorithms.

EDUCATION BACKGROUND

Degree	Institution	Field of Study	Passing Year	Result
B.Sc. in Computer Science & Engineering	Institute of Science, Trade and Technology (ISTT)	Computer Science & Engineering	2018	**CGPA: 3.04 / 4.00**
Higher Secondary Certificate (HSC)	Cumilla Victoria Government College	Science	2013	**GPA: 4.30 / 5.00**
Secondary School Certificate (SSC)	Cumilla Zilla School	Science	2011	**GPA: 5.00 / 5.00**

PROFESSIONAL TRAININGS & CERTIFICATIONS

Training Program	Conducting Institution	Duration	Key Topics Covered
Full Stack ASP.NET MVC	BASIS Institute of Technology & Management (BITM)	3 Months (Jun 2018 – Sep 2018)	C#, ASP.NET MVC 5, N-Tier Architecture, Repository Pattern, Entity Framework, SQL Server
Full Stack ASP.NET MVC	Devskill Training Academy	2 Months (Jul 2017 – Sep 2017)	C#, Object-Oriented Programming, MVC Architecture, Database Design & Web Services

FOUNDATIONAL ACADEMIC & TRAINING PROJECTS

Project	Technology Stack	Description
Hospital Management System	C#, ASP.NET MVC 5, EF, SQL Server, Identity	Virtual hospital management system handling patient admissions, doctor assignments, treatment records, and seat vacancy tracking.
Public Blood Bank Portal	C#, ASP.NET MVC 5, Generic Repo & Unit of Work	Blood donor registry with blood group geolocation, urgent donation broadcasts, and donor eligibility management.
University Management System	C#, ASP.NET MVC 5, 4-Tier Architecture, EF	Comprehensive university administration platform with course allocations, department credits, and automated grade calculations.

PERSONAL INFORMATION

Father's Name:	Md Khalilur Rahman	**Date of Birth:**	05-July-1995
Mother's Name:	Nurun Nahar	**Nationality:**	Bangladeshi
Present Address:	House 19, Road 1, Sector 13, Uttara, Dhaka, Bangladesh		
Permanent Address:	820/3 "Monir Mohal", Thakurpara, Cumilla City, Cumilla-3600, Bangladesh
